Dear Ms. Wells-Harley:

My office has received an Opinion in the community's favor by Judge J. Adkins from the Maryland Court of Special Appeals on Armiger vs. District Council in regards to the special zoning exception request. The area is the 16 acres or so at the corner of Cool Spring Road and Adelphi Road, known as the Cool Spring Forest Parkland.

We would like to see this property turned into a park for the neighboring residents. This piece of land is not being used by anyone and a park would be enjoyed by generations to come. We feel it would be a good investment for the residents of that area.

We seek the acquisition of this property as open space parkland by the County and ask that you examine the prospect of allowing the County to obtain this piece of land.

Please contact my office at your earliest convenience so that we can begin to discuss dates and times for a meeting.

I thank you for your efforts and I look forward to working with you on this property acquisition.

Sincerely,
